### We want to do something new!

We have chosen this weight classes for the reason all can participate and without any health issue. We don't want to many weights on a championship which can give us late evenings. We don't even want to many days that can make it too expensive for persons to participate.

### Competition Rules U23

TWIF rules will be used with the following exceptions:

1. A puller, she or he, is eligible to participate in the U23 tournament from the beginning of the year in which, she or he, reaches the age of 16 years until the end of the year in which, she or he, reaches the age of 22 years.
2. Mixed teams are allowed.
3. Weight class is 580 kg.
4. A team will consist from 7 to 10 participants.
5. Lining up girls in a team will give a bonus of 10kgs for each girl, limited up to 620 kg.
6. Two substitutions are possible, one for women and one for men.
7. Every member country can enter 2 national teams (A+B).
8. A team may consist of pullers from different nations in the European cup.
9. A puller must be a member in a national federation or a member in a club accepted by the national federation (insurance reason).
